

Ocular Imaging Research and Reading Center

Device Certificate

Certificate ID: OIRRC-01-64a896c8-0
Transmission Number(s): 20210309-021342756, 20210310-074622443
Issue Date: Apr 30, 2021
Valid until: Apr 30, 2025

Test SH

Sponsor: test

Site: MedEye Associates
Address: 5858 Southwest 68th Street, South Miami, FL, United States
Site Code: USA113

Device Information	
Device Modality	Spectral Domain
Device Manufacture	Optos, Inc.
Device Model	P200DTx
Device Serial Number	008694
Software Version	6.3.2

The sample images submitted to the OIRRC (transmission # 20210309-021342756, 20210310-074622443) relevant to the abovementioned device are compliant with requirements and standards of test imaging manual. The Ocular Imaging Research and Reading Center (OIRRC) is hereby issuing a certificate for the above-mentioned device for the use to obtain images in the test study.

This certificate is valid for **4 years** from the time it is issued provided that no major modifications, upgrades, updates, or repairs are made during that period. It is the responsibility of the PI and the study team at the Study Site to maintain the integrity of the certification status of the above-mentioned device. Please, communicate with the OIRRC regarding such modifications or other conditions that can possibly affect or compromise the certification status of the device.
